SUMMARY OF QUALIFICATIONS

- A strong focus on Internet of Things (IoT) and Full-stack Development.
- Adaptable team player with strong problem-solving skills and a focus on innovative tech.
- Experienced in hardware-software integration, specifically microcontroller-based solutions.

EDUCATION

Bangladesh Army International University of Science and Technology

Bachelor of Science, Computer Science and Engineering

Current Status: 3rd Year

Expected MAY 2027

Current CGPA: 3.60/4.00

RELEVANT COURSEWORK

Object-Oriented Programming, Software Engineering, Operating Systems,
Database Management Systems, Computer Architecture Design.

TECHNICAL SKILLS

Programming Languages: C, C++, JavaScript, Python.

Web Technologies: HTML, CSS, Node.js, Web APIs.

Embedded Systems: Microcontrollers , RFID , Sensors integration , MQTT (Mosquitto).

Tools & Platforms: GitHub, VS Code, Arduino IDE, KiCad.

RELEVANT EXPERIENCE

BAIUST Computer Club

Software Engineering Intern

- Contributing to real-world technical projects and club initiatives.
- Coordinating project planning, task allocation, and development phases.
- Collaborating with fellow students to design and implement technical solutions.

Freelance/Tutor

C Programming Instructor

- Taught core concepts of C programming to beginner-level students.
- Prepared comprehensive learning materials and explained complex syntax.
- Guided students through hands-on coding exercises and debugging.

PROJECT EXPERIENCE

Full-Stack GPS Tracking System

January 2026

- Developed a real-time tracking platform featuring live location visualization via web interface.
- Integrated hardware with anti-jitter filters to ensure stable location data transmission.
- Implemented Geofencing and ETA calculations to improve arrival monitoring for students.

RFID Attendance & Security System

October 2025

- Designed an RFID-based authentication system for boarding and entry.
- Integrated a face-tracking camera to detect and flag unscanned entries.
- Enhanced overall security and monitoring capabilities for institutional use.
